## Big SIR Report: By Bob Earl

I want to welcome Joe Guidotti into our branch. Our members are doing a supreme job of bringing in new faces to join us. Joe, I hope you enjoy your stay and bring your friends for us to enjoy.

With the weather getting warmer as Summer approaches, and our branch getting bigger, I was wondering if there is someone out there that would be interested in creating a travel club for our members. For that matter, how about a computer club or card club or camera club or any hobby? The more activities our members are in, the better our branch will be. Don't be shy.

Our speaker, Curtis Weeks, gave a very informative presentation on the progress of the Monterey County Water Resources Agency. I am looking forward to our bull fighter speaker this month. Hope to see all of you on May 13.

**May 13 Menu: Meat lasagne, vegetables, garlic bread, coffee & dessert(\$13.00)**

**The caterer will help with special dietary needs if given 48 hrs notice**

## May Speaker

**Rudy Tenes** is a retired Professional Bullfighter from Mexico. He will talk about the history of bullfighting, several bullfighters from different countries including the United States. He started training with young bulls at the age of ten. He will explain the difference between a Torero and a Matador. The Torero has to earn his status when he fights the bull. The Matador is the one who eventually kills the bull. If the Matador is good and draws a lot of spectators, he makes more money. The best have made millions.

ONLY A TRUE GOLFER WILL UNDERSTAND THIS :

Don't buy a putter until you've had a chance to throw it.  
Never try to keep more than 300 separate thoughts in your mind during your swing.  
When your shot has to carry over a water hazard, you can either hit one more club or two more balls.  
If you're afraid a full shot might reach the green while the foursome ahead of you is still putting out, you have two options: you can immediately shank a lay-up or you can wait until the green is clear and top a ball halfway there..  
The less skilled the player, the more likely he is to share his ideas about the golf swing.  
No matter how bad you are playing, it is always possible to play worse.  
The inevitable result of any golf lesson is the instant elimination of the one critical unconscious motion that allowed you to compensate for all of your many other errors.
